

Junior Maine Guides Rendezvous  
Sponsored by Enterprise Holding

Campers and staff who will be attending JMG Testing Camp this summer are invited to attend a day of JMG Rendezvous Workshop awareness at Bryant Pond on Saturday July 7<sup>th</sup> from 9:30 – 4:00 pm. The day will start with a meet and greet of the testers, followed by four training sessions. The testers will run stations on map and compass, axe and knife work, canoeing, and a question and answer group that will have a tree line with an example of an individual shelter and fireplace set- up. There will be an opportunity for questions at this last station. Each station will last about 50 minutes, with the groups rotating to the next station.

The testers will explain what they are looking for when they evaluate the candidates in these areas. While the 2018 testing candidates are attending these stations, there will be one or two sessions just for the JMG counselors from the participating camps. Here counselors will learn about what expectations the testers have of them during Testing Camp. The counselors can ask questions about how JMG Camp is run or ask for some teaching suggestions. The registration for the workshop will be available online June 26<sup>th</sup> (after your campers arrive at your camp) and needs to be completed by July 1<sup>st</sup>. There is no cost for campers and staff to attend the workshop and luncheon cookout. During the lunch break, there will be a discussion about cooking and any other evaluations that have been adjusted with the printing of our new teaching manual.

Any camps that are running the Junior Maine Woodsman and/or Maine Woodsman programs that would like to send a staff member to this workshop should contact Moose Curtis at [mr.moose675@gmail.com](mailto:mr.moose675@gmail.com) – space is limited.
